MANNA HOUSE OF PRAYER
CONCORDIA, KANSAS

This retreat for leaders of Christian communities explores the mystery of Christ in the mystery of leadership.

Each day is devoted to a different facet of the mystery:

The mystery of self-knowledge and leadership

The mystery of the culture in which we live – globally and locally

The mystery of the vocation to leadership itself – the mystery of symbol

The mystery of the essential Christian vocation – growing up in every way into Christ

The mystery of integrating the hyperactive life and the contemplative yearning

If you are a leader of a Christian community – lay or religious, this retreat, facilitated by experience leaders, is tailored to meet the needs of those called to lead in this amazing and confusing 21st century. It provides an opportunity to contemplate the opportunities and potency within the present culture. It offers time for personal contemplation and prayer, communal contemplative conversations, and communal prayer. First and foremost it is dedicated to uncovering the mystery of Christ in the mystery of contemporary life.
