2024**

**YOU HAVE
QUESTIONS**

**WE HAVE
ANSWERS**

YOU HAVE QUESTIONS? WE HAVE ANSWERS!

I plan to stay in Chicago the night before our flight to France. Any suggestions on where to stay?

You will need to book your flight to Chicago and your hotel in Chicago on your own. Remember we will be flying to France from Chicago O'Hare International Airport, not Midway Airport. There are many hotels near the airport so check with them to make sure they provide a shuttle to/from the airport.

What are the baggage fees?

Each passenger is entitled to 1 carry-on and 1 checked bag for their international flight from Chicago to/from Europe. However, your domestic flight to/from Chicago may incur a fee depending on the airline you are flying. Check with your domestic carrier as to baggage fees.

I'm concerned about having to pack & unpack my bags and check in & out of hotels. Will we have to do this every day?

We will only check into five different hotels during the ten nights we are in Europe!

Can I still go on this trip even if I use a cane or a walker?

Steps, including on/off the bus, curbs, inclines, and uneven pavements should all be factored into the individual's decision to travel. There will be a lot of walking. If you normally use a cane or a walker, even if only occasionally, it is recommended to bring it along. Travelers who require personal assistance must be accompanied by a paying passenger who will provide that assistance.
